## Corporate Archives Project Begins at BCBSFL

In the summer of 2000, at Mr. Cascone's request, Catherine Kelly put together a cross-functional team of employees to plan and implement a way to capture, preserve and provide access to the rich history of Blue Cross and Blue Shield of Florida.

The team recommended that the Business Research Information Center and the Public Affairs and Corporate Communications Division work together to create a "Corporate Archives."

Work on this project began last summer when the Corporate Communications Division captured on video "Oral Histories" from former Board members and Officers. The Business Research Information Center is now collecting historical documents, photos and memorabilia. We are building a database of digitized photos which can be searched by individual names, dates, and events. We are also in the planning stages of a searchable database of press releases from the past. During 2001 we will collect items from the past 60 years, develop a cataloging scheme and preserve items using archival standards. We have many more plan for 2002.

If you have items you would like to donate please call Michael Kucsak at x50074 or drop them off at the Business Research Information Center (BRIC). We're located on the first floor of Building DC100 - down the carpeted hallway near the elevators. A form is attached to include with your donations.

We are very excited about preserving our company's heritage, understanding our accomplishments and appreciating those who contributed to making BCBSF a strong and successful company! BCBSF's history is a unique corporate asset. An archives is the tool for capitalizing on this asset so that current employees can gain a sense of BCBSF that is larger than their own immediate experience.

I want to thank all the members of the original "Corporate History Team" for their hard work and important input. Team Members: Catherine Kelly (Team Lead), Parker Crawford, April Harrell, Pam Keck, Patrick McCabe, Margie Pace, Anita Rodgers, Jan Rogers, Gretchen Smith and Susan Towler.
